Summary

Html | Css | JavaScript | React js | NextJS

I'm a Frontend Developer with experience in building unique and impactful web experiences. I specialize in HTML, CSS, JavaScript, and have experience with frameworks such as ReactJs, ReactNative , NextJs.

I have a strong eye for design and I enjoy collaborating with designers to create functional and visually appealing websites and applications. I'm also familiar with Agile methodologies and have experience working in teams.

In my free time, I enjoy working on personal projects to improve my skills and experiment with new technologies.

I'm always looking to learn and grow as a developer and I love being part of the ever-evolving web development community.

I'm responsible, perseverant with the tasks assigned to me, I like to participate actively and share my knowledge with others.
